Profile

Data Analyst with strong expertise in SQL, Python, and data visualization tools such as Power BI and Excel. Skilled in data cleaning, exploratory data analysis, and transforming complex datasets into actionable business insights. AWS Certified with foundational knowledge in cloud-based data storage and analytics solutions. Passionate about leveraging data to drive strategic decision-making and improve operational efficiency.

TECHNICAL SKILLS

Programming Languages: SQL, Python
Python Libraries: Pandas, NumPy, Matplotlib, Seaborn
Data Visualization: Power BI, Tableau, Microsoft Excel (Advanced – Pivot Tables, VLOOKUP, Power Query)
Databases: MySQL, PostgreSQL
Cloud: AWS (EC2, S3, RDS)
Tools & Platforms: Git, Jupyter Notebook, MS Office

WORKEXPERIENCE

UVXYZ Web Developer Intern (Data & Dashboard Development) Tech Stack: Django, Python, SQL, PostgreSQL/MySQL - Developed a Django-based admin dashboard to manage product data including images, descriptions, dynamic pricing, and ratings - Designed and maintained relational database schemas for structured storage of product and customer interaction data - Wrote SQL queries to retrieve, update, and analyze product-level information - Implemented dynamic pricing updates through backend logic to enable real-time data modification - Monitored and analyzed product rating data to identify performance trends - Optimized database queries to improve system efficiency and dashboard response time	06/2025 – 12/2025 Hyderabad
--	--------------------------------

Projects

Customer Churn Analysis - Performed exploratory data analysis (EDA) to identify key factors influencing customer churn using Python and Pandas. - Created visual reports highlighting churn rate, customer segments, and actionable retention insights.	08/2025
--	---------

Sales Performance Analysis Dashboard

04/2025

- Analyzed sales dataset using SQL and Python to identify revenue trends, top-performing products, and monthly growth patterns.
- Built an interactive Power BI dashboard to visualize KPIs such as total sales, profit margin, and region-wise performance.

Education

ICFAI Foundation for Higher Education

07/2022 – 05/2026

Bachelor of Technology (B.Tech ) in DataScience and Artificial Intelligence

Hyderabad

ACHIEVEMENTS

- Solved 40+ LeetCode DSA Problems With Structured Documentation.
- Build and maintain a DSA repository with complexity analysis.
